The Consumer Guarantees Act

The Consumer Guarantees Act 1993 sets minimum standard guarantees for goods/products and services bought for personal use. It provides that products sold to consumers come with a guarantee of “acceptable quality”, which means that the products must:

- ▲ be fit for their purpose (do all the normal things that people would expect them to do);
- ▲ be durable for as long as most people would expect them to last;
- ▲ be free from minor and major faults;
- ▲ and do what You the consumer has been told they do.

If You as a consumer have a **serious** problem with a product, You have the choice between a refund, replacement, repair, or compensation from the business that sold You the product, as long as You comply with certain requirements.

If You have a problem with a product that is **not serious**, the business that sold You the product can choose to refund, repair or replace it with products of identical type, as long as You comply with certain requirements.

If the business that sold You the product chooses to refund, repair or replace the goods, it must be done in a reasonable time, otherwise You can ask for a refund.

If You would like more information on Your rights and remedies under the Consumer Guarantees Act, please refer to the Commerce Commission’s website: <http://www.comcom.govt.nz>.

This Policy is designed to help You by paying the reasonable costs of unexpected electrical and mechanical breakdown, and to get You and Your vehicle back on the road as quickly as possible. This Policy does not affect or limit Your rights under the Consumer Guarantees Act, but provides cover over and above the Act’s guarantees. In summary, subject to the terms of the Policy, cover includes (but is not limited to):

- ▲ Sudden and unforeseen electrical and mechanical breakdown of covered components.
- ▲ The policy gives You the peace of mind of knowing exactly how long the cover applies, what benefits You are entitled to, and how to make Your claim to ensure it can be settled promptly.
- ▲ If Your vehicle breaks down or suffers a fault, help is just a phone call away (24 hours a day, 7 days a week) to assess the problem and help You get back on the road quickly with the least inconvenience.
- ▲ No matter where You may break down, Our nationwide network of specialist service and repair agents will be there to assist You, including towing Your vehicle to the nearest repair facility if it cannot be driven and the cause of Your breakdown is covered.
- ▲ Roadside Assistance benefits (including flat tyre, flat battery and lost keys,) 24 hours a day, 7 days a week, if You have purchased this benefit as part of Your Policy. Further details on this benefit can be found later in this Policy Booklet.
- ▲ Generous allowances for accommodation, car hire/transport costs or vehicle repatriation if You breakdown more than 120 km away from Your usual address.

Introduction

Your EV Shield Policy consists of Your most recent Registration Certificate, this Policy Booklet, the details You provided when You applied for this insurance, and any changes We agree with You in writing.

This Booklet contains the details of Your EV Shield Policy. How Your breakdown insurance works, what is covered and for how long, what is not covered, Your responsibilities and how to make a claim.

Please feel free to call us if You have any questions regarding this Policy.

Can I Change my Mind and Cancel?

You can cancel this Policy within 14 days after the date on which You purchased the Policy. This is referred to as a “cooling off period”.

If You decide to cancel this Policy, You can let Us know in writing by email or post, or in person by visiting Our office. If You cancel the Policy within the “cooling off period” We will provide You with a full refund of the premium You have paid, provided You have not made a claim under Your Policy.

Cancellations outside of the ‘cooling off period’ will not generate a refund, unless We have failed to comply with Our disclosure requirements relating to extended warranty agreements under the Fair Trading Act 1986.

What is Covered?

Once You have paid the premium amount due, this Policy covers Your vehicle for the Period of Cover as shown on the Registration Certificate on the following terms, subject to the exclusions and other terms of this Policy.

Electrical and Mechanical Breakdown

This Policy covers Your vehicle for the reasonable costs of the repair or the replacement of components of Your vehicle required as a result of it suffering a sudden and unforeseen electrical or mechanical breakdown in New Zealand.

Special Allowances and Emergency Breakdown Assistance

Special Allowances apply if Your vehicle breaks down more than 120 kms away from the address set out in Your Registration Certificate and the repair takes more than 24 hours. As long as the cause of breakdown is covered under this Policy, We will repay You Your reasonable costs, up to the limits specified below, for any one of the following options:

- ▲ hiring a rental car or taking another form of transport; or
- ▲ accommodation costs for You and Your passengers; or
- ▲ costs of collecting Your vehicle following completion of the repairs.

Emergency Breakdown Assistance

As long as the cause of breakdown is covered under this Policy and the vehicle is unable to be driven to an Authorised Repair Facility, We will reimburse You for the cost of towing Your vehicle to the nearest Authorised Repair Facility up to a maximum amount of \$200.

Amounts payable under the Special Allowances and Emergency Breakdown Assistance benefits are included within the claim limit shown on Your Registration Certificate. To claim repayment, You will need to provide Us with invoices and proof of payment of those amounts.

The most We will repay for each unrelated claim under the combined special allowance and emergency breakdown assistance benefits is \$1,000.

Your Vehicle must be Regularly Serviced to Remain Covered

It is important that You regularly service Your vehicle at Your cost. You are not covered under this Policy unless Your Vehicle has been serviced by a Provident Authorised Service Facility every 15,000kms or as per manufacturer's recommendations.

Each service should include at least the following checks and processes, along with other reasonable checks and processes recommended by the Provident Authorised Service Facility:

- ▲ Check the charging port and high voltage cables for any signs of contamination, dust, sand, etc.
- ▲ Generate and review EV Battery Usage Report.
- ▲ Check cooling system, battery filter, fluid level, condition of radiator and hoses.
- ▲ Check brakes and replace fluids if necessary.
- ▲ Check steering and suspension.

After each servicing of Your vehicle, You must ensure that You retain copies of servicing invoices issued by the Approved Service Facility.

This Policy does not cover the cost of servicing Your vehicle.

We may reject any claim in the event that You are unable to produce copies of the vehicle's service-related invoices.
